

Sir, Madam,

I am a 28-year-old French citizen and I wish to stay in Japan for one year.

My interest in this country began at a young age with manga and anime, and it intensified when I discovered table tennis, a very popular sport in Japan. I would like to deepen my practice of this sport and learn even more with the locals.

Japanese culture and the island's varied landscapes also attract me a lot. I love walking and running, and the idea of exploring trails and unknown places on the other side of the world excites me. I wish to explore Japan, especially Hokkaido Prefecture and the Japanese Alps around Kamikochi, as well as dynamic and discovery-rich cities like Tokyo and Osaka.

In August 2023, I traveled alone to Indonesia for a month. This experience strengthened my desire to know myself better and to take a step back from my active life in France. The Working Holiday Visa in Japan represents the ideal opportunity for me.

Moreover, my values of respecting others and customs, my sociability, and my autonomy make me think that Japan is the perfect choice for this project. I started learning Japanese in September 2024 and I would like to take advantage of this trip to improve my language skills.

Thank you for considering my project and application.

I remain at your disposal to convince you of my sincere motivations.

Yours sincerely
