

Working Holiday Visa Motivation Letter

Dear Sir or Madam,

I am writing to explain the reasons for my application for a Working Holiday visa for Japan.

I am 24 years old and wish to take part in this program in order to gain a personal and cultural experience in Japan, a country for which I have had a strong interest for several years. Having already had the opportunity to stay in Japan, I was able to discover the country beyond its tourist aspects and truly appreciate its lifestyle, values, and daily life. This first experience strengthened my desire to return for a longer and more structured stay.

The Working Holiday visa represents an ideal opportunity for me to deepen my understanding of Japanese culture, improve my Japanese language skills, and fully immerse myself in everyday life in Japan. I would like to take advantage of this experience to develop my independence, adapt to a new environment, and enrich my personal journey.

During my stay, I plan to engage in part-time work in order to support myself financially, while fully respecting the conditions of the Working Holiday program. These experiences will also allow me to better understand the Japanese work environment and interact with people from diverse backgrounds.

I am fully aware of the responsibilities involved with this visa and I am committed to respecting the rules and spirit of the program, which promotes cultural exchange between France and Japan.

Thank you in advance for your consideration of my application. I remain at your disposal for any further information.

Yours faithfully,
Paul Antony Vigneron
