The Applicant must subscribe the initial contract before his departure in order to benefit from the guarantees. Its renewal (by taking out a new policy) will be accepted only if the next contract immediately follows the previous one without any interruption

Upon enrolment, the Applicant must fill in the enrolment documents, including a statement of current health, on which the option chosen and amount of premiums are shown. The chosen option cannot be changed during the period of coverage.

The Applicant must pay for the entire insurance premium upon enrolment.

The Insurer reserves the right to make acceptance conditional on the presentation of any additional information it deems necessary.

Upon acceptance to the insurance, the Applicant and his dependants, if any, shall be referred to as "Member " or "Insured".

The guarantees of the present contract will not apply in the country of residence of the Member.

The medical expenses cover also operates during tourist stays worldwide occurring during the validity of the WHV/IEC visa, with a limit of € 150,000.

Nevertheless, during a temporary return of the Member in her/his usual country of residence, medical expenses will be covered only within a limit of 30 days' stay and if they are due to an emergency, with an upper reimbursement limit of € 15,000 for 12 months of cover in one or more policies.

A/ Medical Expenses

The cover consists of reimbursing, subject to the exclusions provided below, medical expenses incurred as a result of an accident or illness recognised by French Social Security, and which it would cover.

The Medical Expenses cover ends when our medical team deems that the Member can be repatriated to her/his usual country of residence.

Covers of the same nature taken out with several insurers operate within the limit of each cover regardless of her/his enrolment date. Within this limit, the Policy's beneficiary may obtain additional compensation by sending details of the reimbursement(s) made by the other organisation(s). For the application of the above provisions, the limitation to the amount of the outstanding expenses to be paid by the Member is determined by the Insurer for each act or expense item.

During your treatment, you must submit to the checks of our Medical Advisor so that she/he can assess the consequences of the accident. You hereby agree to undergo the medical examinations that she/he decides to perform and to provide us with all the elements necessary for the investigation of your case.

If you wish, you may be supported by a doctor of your choice.

If there is disagreement concerning either the cause of death or injury, or the compensable consequences of the accident, we will submit the dispute to two experts, one chosen by you or your heirs and assigns, the other by us, subject to our respective rights. Each of us will cover the costs and fees of its own expert. The fees of the expert third party will be covered equally by both parties.

4/ Assistance benefits

Repatriation assistance

If you find yourself in one of the situations referred to below, we will implement the services described, upon receiving a simple phone call (reverse charges accepted from abroad) or an email, fax, or telegram.

IMPORTANT

The decisions are solely taken in the medical interest of the Member, and exclusively by the Assistance doctors in agreement with the local attending doctors.

The Assistance doctors contact the local medical facilities and, if necessary, with the Member's general practitioner to gather the information needed to make the decisions best suited to her/his state of health.

5/ Civil Liability

What do we cover ?

We cover the monetary consequences of civil liability that you may incur in the course of your private life, including during internships for, firstly: personal injury and/or material damage and, secondly: intangible damages consequential to them, accidentally caused to anyone other than a member of your family, by your doing or that of items or animals in your custody, up to the amount and excess set out in schedule of benefits.

The cover also applies to the objects entrusted during a period of internship up to the amount indicated in the schedule of benefits.

What do we exclude ?

In addition to the exclusions under "Excluded risks for all benefits", our cover does not apply to:

- **damage intentionally caused or provoked by you;**
- **damage resulting from the use of land motor vehicles, sailing and motor boats, and air navigation appliances;**
- **damage resulting from any professional activity;**
- **objects entrusted to the Member (except in case of internships);**
- **the consequences of any material damage and/or personal injury affecting you personally, and members of your family;**
- **intangible consequential damage except where it is the direct result of accidental damage to property and/or personal injury that is covered;**
- **damage resulting from the practice of air sports or from hunting;**
- **damage you caused due to a fire, explosion or flooding;**
- **damage caused by buildings or parts of buildings owned, rented or occupied by the Member;**

What are the limits of our cover?

Settlement - Acknowledgement of Liability

You must not accept any acknowledgment of liability or any transaction without our prior written consent.

However, just acknowledging the materiality of certain facts is not considered an acknowledgment of responsibility, nor is providing urgent assistance to a victim in the case of an act of assistance that every person has the moral duty to perform.

You must notify us within 5 working days, except for unforeseen circumstances or force majeure, of any event likely to incur your civil liability; if this deadline is not kept to and we consequently suffer a loss, your cover will lapse.

Proceedings

If there is any legal action against you, we will provide your defence and direct the trial for the facts and damages falling under the covers of this policy. However, you may join our action, provided you can establish a separate interest not covered by this policy.

Providing your defence as a protective measure cannot be interpreted in itself as an acknowledgment of cover and does not imply that we accept to pay for the harmful consequences of events not expressly covered under this policy.

Even if you fail to fulfil your obligations after an insured event, we are obliged to compensate the persons you are liable to. In this case, however, we have the right to launch an action against you for reimbursement of all the sums we have paid or set aside for you.

Legal remedies

As regards legal remedies:

- in the commercial or administrative courts, we have the full freedom to exercise these, under the covers of this policy;
- before criminal courts, the remedies can only be exercised with your agreement;
- if the dispute pending before a criminal court no longer concerns only civil interests, the refusal to give your consent for the exercise of the envisaged legal remedy entails the right for us to claim compensation from you equal to the loss that we will have incurred as a result.

Costs of proceedings

We will pay court costs, discharge fees and other settlement costs.

However, if you are convicted for an amount greater than that of the cover, each of us will bear these costs in proportion to its respective share in said conviction.

6/ Luggage

We cover, during the return trip only (initial departure and final return) not exceeding 48 hours and when under the responsibility of the transport company, your luggage, personal objects and effects taken with you or purchased during the trip, for:

- theft and loss;
- total or partial destruction;

The insured amount is indicated in the schedule of benefits, and is the maximum reimbursement for all claims that occurred during the period of cover.

Our reimbursements are complimentary to those done by the transport company.

Baggage Cover Exclusions:

In addition to the exclusions under "Excluded risks for all benefits", our cover does not apply to:

- **The following circumstances:**
 - 1. theft, damage or loss, following the decision of an administrative authority or the prohibition to transport certain objects;**
 - 2. delays, damage or loss occurring on the occasion of a flight operated by a company on the black list established by the European Commission, irrespective of its origin and destination;**
 - 3. theft committed by the Member, her/his Spouse, ascendants and descendants, or with their complicity, or by the Member's staff in the performance of their duties;**
 - 4. thefts committed without breaking in, using fake keys;**
 - 5. theft of the Covered Items in a public space, in the absence of their continuous supervision by the Member;**
 - 6. theft of Covered Items placed under a tent;**

 - 8. damage to and loss of Valuables, of any kind whatsoever including during transport by a transportation company**
 - 9. damage resulting from an inherent defect in the Covered Item or its normal wear and tear;**
 - 10. damage to fragile objects, especially pottery and objects made of glass, porcelain or alabaster;**
 - 11. damage resulting from accidents involving smokers, scrapes, scratches or stains, the pouring of liquids, fats, dyes or corrosives, which are part of the insured luggage;**
 - 12. Consequential intangible loss;**

13. **damage resulting from a natural event such as an earthquake, volcanic eruption, tidal wave (or tsunami), flood, avalanche, or other cataclysm;**
 - **The following items:**
14. **documents, identity papers, credit cards, magnetic cards, transportation tickets, cash, investments and securities, keys;**

17. **objects of art or handicrafts, carpets, antiques, objects of worship, collectibles;**

20. **all motor vehicles or devices and their accessories, caravans and trailers;**
21. **pleasure motor or sail craft, including jet-skis;**
22. **computer hardware and mobile phones.**

How is your compensation calculated?

You are compensated based on supporting documents and on the basis of the replacement value by equivalent objects and of the same nature, with obsolescence deducted.

Under no circumstances is the proportional rule of capital provided for in Article L.121-5 of the French Insurance Code applied.

What are your obligations in the event of a claim?

Since our reimbursement is made in addition to that of the transportation company, your claim must be filed with us within 5 working days, except for unforeseen circumstances or force majeure; if this deadline is not kept to and we consequently suffer a loss, you will lose all right to compensation.

Your claim must be accompanied by the following:

- The receipt for a theft report in the event of theft, or declaration of theft to a competent authority (police, transport company, ship's purser, etc.) in the case of theft or loss by a transport company;
- The loss or destruction report to the carrier (sea, air, rail, road) when your luggage or objects are lost, damaged or stolen during the period when they were in the legal custody of the carrier.

If you do not present these documents, you incur the forfeiture of your rights to compensation.

The sums insured do not constitute proof of the value of the items for which you are claiming compensation, or proof of the existence of such items. You are required to prove, by any means available to you and any documents in your possession, the existence and value of these items at the time of the insured event, as well as the extent of the damage.

If you knowingly use inaccurate documents or use fraudulent means or make inaccurate or concealing statements as substantiation, you will lose all your rights to compensation, without prejudice to the legal actions that we would then be entitled to bring against you.

What happens if you recover all or part of the luggage, objects or personal effects?

You must notify us immediately by registered post, as soon as you are notified:

- if we have not yet paid the compensation, you must take possession of said luggage, objects or personal effects again; we are then only required to pay for any damage or missing items;
- if we have already compensated you, you can choose within 15 days to:

1/ either abandon said luggage, objects or personal effects for our benefit;

2/ of reclaim said luggage, objects or personal effects by returning the compensation you received less, if applicable, the portion of the compensation corresponding to damage or missing items.

If you have not made your choice within 15 days, we will consider that you have decided to abandon them.

- **criminal proceedings against the Member;**
- **accidents or illnesses occurring or contracted while taking part in training for official matches and competitions organised by a sports federation, as well as professional sports and the consequences of practicing the following sports or activities: bobsled, skeleton, mountaineering, competitive sled, aerial sports except parasailing, jet skiing, combat sports, off-piste sports;**

- **activities when they are subject to any sanction, restriction total or partial embargo or prohibition provided by conventions, laws or regulations, including those decided by the United Nations Security Council, the European Union Council or any other applicable national law. It is understood that this provision only applies in the case where the insurance contract or insured goods and/or activities fall within the scope of the decision concerning the restrictive sanctions, total or partial embargo or prohibition; and**
- **the absence of random.**

8/ Basis of the insurance contract

This policy is governed by the French Insurance Code.

The definition of the covers, the pricing and their rules of application take into account the legal and regulatory provisions of the French Social Security in force on the effective date of the insurance contract.

SUBROGATION

Per the provisions of article L121-12 of the French Insurance Code, the Insurer is subrogated to the rights and actions of the Member against the third parties responsible for the insured event up to the amount of compensation paid by it.

If subrogation can no longer operate in favour of the Insurer because of the Member, the Insurer will be freed from its obligations to the Member insofar as subrogation could have operated.

THE LIMIT OF ACTIONS STEMMING FROM THE INSURANCE CONTRACT

The provisions relating to the time limit within which action stemming from the insurance contract may be taken are set out by Articles L 114-1 to L 114-3 of the French Insurance Code, as reproduced below:

Article L. 114-1 of the French insurance code:

Any actions stemming from an insurance contract are time barred two years after the event from which the actions stem.

However, this time limit only starts running:

1 In the event of reticence/concealment, omission, misrepresentation or inaccurate declaration of the risk incurred, from the date when the Insurer learned of the said risk;

2 In the event of an insurance loss, from the date when the interested parties learned of it, if they prove they were unaware of it prior to that date.

When the action by the Insured Person against the Insurer is caused by recourse by a third party, the time limit for action only starts running from the date when the third party takes legal action against the Insured Person or has received compensation from the Insured Person. The time limit for action is increased to 10 years in life insurance contracts when the beneficiary is a person distinct from the Contrat holder and, in insurance contracts for personal accidents, when the beneficiaries are the assigns of the deceased Insured Person.

For life assurance contracts, and notwithstanding the provisions of point 2 above, the right to action by the beneficiary lapses at the latest 30 years after the death of the Insured Person.

Article L. 114-2 of the French insurance code:

The time limit for action may be interrupted by any of the ordinary causes for interruption thereof, and by appointment of appraisers after a loss. Interruption in the time limit for action may also result from a registered letter with acknowledgement of receipt being sent by the Insurer to the Insured Person to obtain payment of the premium, and by the Insured Person to the Insurer to obtain payment of compensation

Article L. 114-3 of the French insurance code:

Notwithstanding Article 2254 of the Code Civil (French Civil Code), the parties to the insurance contract may not, even by mutual agreement, either change the length of the time limit for action, or add causes for suspension or interruption thereof.

Additional information:

The ordinary causes for interruption of the time limit for action indicated in Article L 114-2 of the French Insurance Code are set out in Articles 2240 to 2246 of the French Civil Code, as reproduced hereafter.

To learn of any potential updates of the aforementioned provisions, you may consult the official website: "www.legifrance.gouv.fr".

Article 2240 of the French civil code:

Recognition by the obligee of the right of the person against whom the obligee could claim inaction within the time limit interrupts the time limit for action

Article 2241 of the French civil code:

Instigating legal proceedings, even summary proceedings, interrupts the time limit for action and the time limit beyond which rights lapse.

The same applies when the matter is brought before an incompetent jurisdiction, or when the deed of referral to the jurisdiction is cancelled through procedural irregularity.

Article 2242 of the French civil code:

Interruption resulting from instigating legal proceedings is effective until the proceedings end.

Article 2243 of the French civil code:

The interruption is null and void if the petitioner withdraws the petition or lets the proceedings lapse, or if the petition is dismissed definitively.

Article 2244 of the French civil code:

The time limit for action or the time limit after which rights lapse is also interrupted by protective measures being taken pursuant to the French Code of Civil Enforcement Procedures (Code des procédures civiles d'exécution) or by an enforcement being ordered.

Article 2245 of the French civil code:

One of the jointly and severally liable obligees being summoned or notified through legal proceedings or through an enforcement order, or recognition by the obligee of the right of the person against whom the obligee could claim inaction within the time limit interrupts the time limit for action against all of the others, even against their heirs. Conversely, one of the heirs of a jointly and severally liable obligee being summoned or notified, or that heir recognising such a right does not interrupt the time limit for action with regard to the other co-heirs, even for mortgaged debt, if the obligation is divisible. Such summons/notification or such recognition interrupts the time limit for action with regard to the other co-obligees only for the share for which that heir is liable. In order to interrupt the time limit for action for the entire obligation with regard to the other co-obligees, the summons or notification needs to be made to all of the heirs of the deceased obligee, or all of the heirs need to recognise the right.

Article 2246 of the French civil code:

Summons or notification made to the main obligee, or the main obligee recognising the right in question interrupts the time limit for taking action against the guarantor.

PLURALITY OF INSURANCE

In accordance with the provisions of article L.121-4 of the French Insurance Code, when several insurances are contracted without fraud for a single risk, each one of them produces its effects within the limits of each policy cover, in compliance with the provisions of Article L.121-1 of the French Insurance Code. In this case, the Member must alert all the insurers.

Within these limits, the Member may contact the Insurer of her/his choice. If they are contracted deceitfully or fraudulently, the penalties provided for by the French Insurance Code (nullity of the policy, and damages) will apply.
